Dear Mr. (),

We hope this letter finds you well, and we are writing to support the candidature of Marwan Eltieby Because of his time with us.

Marwan joined us as an intern in 2022 As One of Our Best **Interns** For This Cycle, spent more than 4 months with us and was among them he was committed. He received more than 80% of the points in our trainee evaluation, making him one of the best trainees.

Marwan continued with us as an **employee** for a short period after that, then he demonstrated a lot of skills and development in a short period and solved many problems through research and follow-up.

We then promoted Marwan to become one of the GMind Leadership Team as One of **Technical Team Leaders** He has repeatedly proven his competence by taking care of the people he is responsible for and providing the training they need. In his last period with us, he was working within a team on one of our largest projects.

Sincerely,  
GMind HR Manager
